Singapore

Negotiating State and Society, 1965-2015

This book critically reflects on Singapore's 50 years of independence. Contributors interrogate a selected range of topics on Singapore's history, culture and society – including the constitution, education, religion and race – and thereby facilitate a better understanding of its shared national past. Central to this book is an examination of how Singaporeans have learnt to adapt and change through PAP government policies since independence in 1965.
